Connecting Your Healthcare:

NEW OPTIONS FOR MANAGING YOUR DIGITAL HEALTH RECORDS

On July 1, 2021, a new federal rule named the Interoperability and Patient Access Rule (CMS 9115 F) made it easier for members to get their health records when they need it most. You now have full access to your health records on your mobile device which lets you manage your health better and know what resources are open to you.

Imagine:

- You go to a new doctor because you don't feel well and that doctor can pull up your health history from the past five years.
- You use an up-to-date provider directory to find a provider or specialist.
- That provider or specialist can use your health history to diagnose you and make sure you get the best care.
- You go to your computer to see if a claim is paid, denied or still being processed.
- If you want, you take your health history with you as you switch health plans.*

*In 2022, members can start to request that their health records go with them as they switch health plans.

THE NEW RULE MAKES IT EASY TO FIND INFORMATION** ON:

- claims (paid and denied) information
- pharmacy drug coverage
- specific parts of your clinical
- healthcare providers

**You can get information for dates of service on or after January 1, 2016. For more info, visit your online member account.

Member Advisory Committee

You can help Magnolia with the way our health plan works. We have a Member Advisory Committee that gives members like you a chance to share your thoughts and ideas with Magnolia. At the meetings, you have a chance to talk about the way services are delivered. The group meets at least two times a year.

We may ask members, parents/foster parents, guardians of children who are members, member advocates, and Magnolia staff to join in the meeting. This gives you a chance to talk about your concerns with a variety of people. You also have a chance to tell us how we are doing. You may ask questions or share any concerns that you have about the delivery of services. Call Member Services at 1-866-912-6285 if you would like to attend.

Quality Improvement (QI)

Magnolia is committed to providing quality healthcare for you. Our primary goal is to improve your health and help you with any illness or disability. What to Do If You Get a Bill

Be sure to talk with your provider about services that are covered and services that are not covered. You should not be billed for services that are covered, as long as you follow plan rules. If you get a bill for a service that should be covered by Magnolia, call your provider right away. Make sure your provider has all of your insurance information and knows to bill Magnolia. If you still get a bill from the provider after you give your insurance information, call Member Services for help at 1-866-912-6285. Do not pay the bill yourself.

If you ask for a service that is not covered by Magnolia, your provider will ask you to sign a statement saying you will pay for the service yourself. If you sign a statement saying you will pay for the non-covered service, then you are responsible for the bill. If you have any questions about a bill, you can call Member Services at 1-866-912-6285.

Magnolia will pay for all covered services from in-network providers. In-network providers should not charge you any fees or copays for any care offered as part of your health plan.

[illegible]

Please be sure to go to a behavioral health provider in our network. Call 1-866-912-6285 to get help with inpatient and outpatient behavioral health services including substance use disorder treatment.

HOW CAN YOU GET HELP IF YOU OR YOUR CHILD HAS BEHAVIORAL HEALTH PROBLEMS? DO YOU NEED A REFERRAL FOR THIS?

Sometimes talking to friends or family members can help you work out a problem. When that is not enough, you should call your PCP or Magnolia. You do not need a referral from your PCP for these services. Magnolia will help you find the best behavioral health provider for you or your child. Call 1-866-912-6285 to get help right away. You can call 24 hours a day, seven days a week.

HOW DO YOU KNOW IF YOU OR YOUR CHILD NEEDS HELP?

Help might be needed if you or your child:

- Can't cope with daily life
- Feels very sad, stressed or worried
- Is not sleeping or eating well
- Has thoughts of or wants to hurt themselves or others
- Is troubled by strange thoughts (such as hearing voices)
- Is having problems at work or at home
- Seems to be having problems at school

When you or your child have a behavioral health problem, it is important for you to work with someone you trust. We can help you find a behavioral health provider who will be a good match. The most important thing is for you or your child to have someone to talk to so they can work to address your behavioral health needs.

WHAT TO DO IN A BEHAVIORAL HEALTH EMERGENCY

You should call 911 if you or your child are having a life-threatening behavioral health emergency. You can also go to a crisis center or the nearest ER. You do not have to wait for an emergency to get help. Call Magnolia at 1-866-912-6285 for someone to help you or your child with depression, behavioral illness, or emotional questions.

WHAT TO DO IF YOU OR YOUR CHILD ARE ALREADY IN TREATMENT

If you or your child are already getting care, ask your provider if they are in the Magnolia network. If the answer is yes, you do not need to do anything. If the answer is no, call Magnolia at 1-866-912-6285. We will ask you/your child's provider to join our network. We want you or your child to keep getting the care needed. If the provider does not want to join the Magnolia network, we will work with the provider to keep caring for you or your child until medical records can be transferred to a new Magnolia healthcare provider.

How to Obtain Healthcare

In-Network Providers

In-network providers have contracted with Magnolia. They include hospitals, pharmacies, dentists, optometrists and primary care providers. Magnolia has a relationship with these providers. We trust them to offer services to our members.

Our members can visit these providers just by making an appointment. You don't have to call us first. If you want information about a network provider, please call Member Services at 1-866-912-6285.

Out-of-Network Providers

A provider who is not in our network is an out-of-network provider. Usually, we will not pay for out-of-network care. If you go to an out-of-network provider, you may have to pay for those services.

3 Easy Steps to Establish a PCP Relationship and a Medical Home

1. Choose a provider. If you do not choose one, Magnolia will choose one for you. You can find this information on your Magnolia member ID card. You will be able to switch to a different provider by filling out the PCP Change Request Form in your new member packet or by calling Member Services at 1-866-912-6285.
2. Within ninety (90) days of enrolling, make an appointment with your provider.

When you become a Magnolia member, you must choose a PCP. Your PCP is a provider you see on a regular basis to take care of your medical needs. You should receive all of your basic medical care from your PCP. You can call your PCP when you are sick and do not know what to do. Seeing your provider for regular check-ups helps you find health problems early. This can help prevent going to the ER. If you have never seen your PCP, as soon as you become a Magnolia member, you should call your PCP, introduce yourself as a new member, and make an appointment for a preventive care visit. It is best to not wait until you are sick to meet your provider for the first time.

PCP Responsibilities

Your PCP will:

- Make sure that you get all medically necessary services in a timely manner
- Follow up on the care you get from other medical providers
- Take care of referrals for specialty care and services offered
- Provide any ongoing care you need
- Update your medical record, including keeping track of all the care that you get with your PCP and specialists
- Provide services in the same manner for all patients
- Give you regular physical exams
- Provide preventive care for all members and preventive screenings for members under age 21
- Give you regular immunizations
- Make sure you can contact him/her or another provider at all times
- Discuss what advance directives are and file the advance directives appropriately in your medical record

Magnolia believes that seeing your PCP is important. Magnolia offers a program called the My Health Pays® program. You can earn rewards for healthy behaviors. More information on this program is on page 64 of this handbook.

Your PCP is a provider you see on a regular basis to take care of your medical needs.

Be sure to make an appointment with your PCP within 90 days of joining Magnolia.

Appointment Wizard

Magnolia has partnered with certain providers to provide real time PCP appointments to our members. These providers will allow Magnolia to schedule an appointment and send the member reminders, to ensure the member keeps their appointment. If you would like more information, please call Member Services at 1-866-912-6285.

If you do not choose a PCP, Magnolia Health will choose one for you. You will find this information on your Magnolia Health member ID card, and you will be able to switch to a different PCP by calling Member Services at 1-866-912-6285.

You can also find the most current version of Magnolia's provider directory on Magnolia's website at www.MagnoliaHealthPlan.com.

When picking a PCP, look for one of the following kinds of providers:

Specialists can be your PCP for primary care functions, upon request. In some situations, providers at Federally Qualified Health Centers, Rural Health Clinics, Health Departments and other similar community clinics can be your PCP if approved by DOM. Because Magnolia is always working to have the best provider network for all of its members, please check the Magnolia website at www.MagnoliaHealthPlan.com to see if new providers have been added. If you want to know more about the PCP before you choose, please call Member Services at 1-866-912-6285. You may also see a list of network providers at www.MagnoliaHealthPlan.com.

Making an Appointment with Your PCP

Once you have selected a PCP from Magnolia’s provider network, make an appointment to meet with your provider within ninety (90) days and at least annually. This will give you and your provider a chance to get to know each other. Your provider can give you medical care, advice and information about your health. Call your PCP’s office to make an appointment. Remember to take your Magnolia member ID card with you every time you go to the provider’s office. If you have difficulty getting an appointment with or seeing your provider, please call Member Services at 1-866-912-6285.

What to Do if Your PCP Leaves the Magnolia Health Network

If your PCP is planning to leave the Magnolia provider network, we will send you a notice within fifteen (15) calendar days of notice or issuance of the termination of the provider. We will automatically reassign you to another PCP. We will send you a new Magnolia member ID card identifying your new PCP. You can also change your PCP by calling Member Services at 1-866-912-6285.

Magnolia may approve visits with your provider for up to sixty (60) days after he/she leaves the network. We can do this if you are in active treatment with your provider. We would like for members in the second or third trimester of pregnancy to be able to keep the same provider until after the first postpartum visit. Call us to talk about how we can help you. During this time, we will help you find a new provider. You will receive the same covered services. The provider must agree to:

- Treat you for your healthcare needs
- Accept the same payment rate from Magnolia
- Follow Magnolia's quality assurance standards
- Follow Magnolia's policies about prior authorization and using a treatment plan
- Provide necessary medical information to you related to your care

Continued coverage is only available if your PCP or specialist was not terminated by Magnolia due to quality of care.

If your PCP leaves the Magnolia network, approved visits may continue for up to sixty (60) days if you are in active treatment.

In order to have your previous provider's services continue, they must be prior authorized by Magnolia.

Continuity and Transition of Care for New Members

Sometimes new members are getting care from a provider who is not in Magnolia's provider network. In some cases, you may be allowed to continue care with your provider. In order to have your previous provider's services continue, they must be prior authorized by Magnolia. If you have questions, call Member Services at 1-866-912-6285. Services must be prior authorized within fifteen (15) business days to allow Magnolia time to get approvals before the 30-day mark, if allowed.

New members in the second or third trimester of pregnancy might be able to keep the same provider until you have had your baby and completed your first postpartum visit. If you are a member who is terminally ill, you might be able to continue to see your provider for your care. If you have questions, call Member Services at 1-866-912-6285.

Review Criteria

Criteria are established and periodically evaluated and updated with appropriate involvement from physicians and the Magnolia Utilization Management Committee. Utilization review decisions are made in accordance with currently accepted medical or healthcare practices, while taking into account special circumstances of each case that may require deviation from the norm in the screening criteria. Magnolia's Medical Directors review all potential denials of medical necessity and are the only ones with authority to issue an adverse benefit determination.

Please note that Magnolia takes steps to ensure that decisions regarding the provision of healthcare services are based solely on appropriateness of care and services, and the existence of coverage. To that end, Magnolia has policies in place to ensure:

- All staff in the review decision process are required to sign an Affirmative Statement regarding compensation annually.
- The organization does not specifically reward practitioners or other individuals for issuing denials of coverage or service care.
- Financial incentives for decision makers do not encourage decisions that result in underutilization.

A member or the treating providers may obtain the criteria used to make a specific adverse determination by contacting the Authorization Department at 1-866-912-6285.

Experimental, Investigational and Clinical Trial Services

Magnolia's Medical Directors review all requests for coverage of a service that may be considered experimental or investigational, or is a part of a qualified clinical trial. Information reviewed in making the benefit coverage determination may include, but is not limited to, the review of published peer-reviewed medical literature, policy statements from nationally recognized medical associations and specialty societies, government agency reports including the Food and Drug Administration (FDA), and consultation with medical experts regarding the specific procedure, drug and/or device.

New Technology

Magnolia evaluates new technology, including medical procedures, drugs and devices, and the new application of existing technology for benefit coverage and medical necessity determination.

Magnolia's Medical Directors and/or Population Health and Clinical Operations staff periodically identify relevant technological advances for review pertinent to the Magnolia population. The Clinical Policy Committee (CPC) reviews all new technologies for inclusion as medical necessity criteria.

When a request is received for new technology that has not been reviewed by the CPC, Magnolia's Medical Directors will review the request and make a one-time determination. This new technology will then be reviewed at the next regularly scheduled CPC meeting.

Prior Authorization for Services

When you need care, always start with a call to your PCP. Some covered services may require prior authorization or review by Magnolia before services are provided. This includes services or visits to an out-of-network provider and some specialists. Home health services and some surgeries also need to be reviewed. Your provider can tell you if a service needs review. The list is on Magnolia's website at www.MagnoliaHealthPlan.com. You can also call Member Services at 1-866-912-6285 to see if something needs to be reviewed by Magnolia.

Your provider will give us information about why you need the service. Magnolia will look to see if the service is covered and that it is appropriate. Magnolia will make the decision as soon as possible, based on your medical condition. For outpatient services, standard decisions are made within three (3) calendar days and/or two (2) business days and urgent decisions are made within twenty-four (24) hours as long as all the necessary information is submitted with the request. For inpatient services, standard and urgent decisions are made within 24 hours or one (1) workday as long as all the necessary information is submitted with the request. If Magnolia requires additional medical information in order to make a decision, Magnolia will notify your provider of additional information needed. If Magnolia does not receive the information, Magnolia may make a second attempt to notify your provider of the additional information needed, and Magnolia may allow an additional day for your provider to submit information to Magnolia.

We will let your provider know if the service is approved. If your provider is not happy with the decision, you can ask us to make a second review. This is called an appeal. See the "Member Satisfaction" section in your member handbook for more information about appeals.

Prior authorization is not required for emergent or urgent care services, or for stabilization services following an emergency. Your provider and the hospital should let us know within one (1) business day if you have been admitted to the hospital. If you know ahead of time that you will be admitted to the hospital, your provider should request an authorization at least five (5) business days prior to your admission.

If there are any major changes to the prior authorization process, we will let your providers know right away.

Utilization Review

Magnolia has a utilization review program that reviews services to make sure the services you are getting are the best way to help you feel better or improve your condition. Medical services, supplies and drugs are reviewed to determine if the services are covered for, are medically necessary and are provided in the most clinically appropriate and cost-effective manner. The following methods are used to accomplish this goal.

Prospective utilization review:

Services proposed to be provided are reviewed and approved prior to the service being performed. Examples include certain outpatient or home care services, outpatient surgical services and scheduled inpatient admissions. An initial determination will be made within three (3) calendar days and/or two (2) business days for outpatient services, twenty-four (24) hours for urgent outpatient services and twenty-four (24) hours or one (1) workday for inpatient services as long as all of the necessary information is submitted with the request. "Necessary information" includes the clinical information to support the medical necessity of the service requested. We will notify your provider in writing within the determination timeframes noted above for services that have been approved and to both you and your provider within the determination timeframes noted above for services that have been denied or not approved as requested.

Retrospective utilization review:

Magnolia may perform a retrospective review in instances where authorization was not obtained prior to services being rendered due to extenuating circumstances. A determination will be made within twenty (20) business days. We will notify your provider through written correspondence.

Adverse Benefit Determination notices:

A denial of services based on medical necessity is an Adverse Benefit Determination. An Adverse Benefit Determination is defined as a determination, based upon a review of information by Magnolia, to deny, reduce or modify a request for services for failure to meet medical necessity, appropriateness of healthcare setting and level of care, or effectiveness.

In the event an Adverse Benefit Determination is made, you and your provider will be provided written notification of the determination. The written Adverse Benefit Determination Notification will include:

- The specific reasons for the Adverse Benefit Determination.
- The specific criteria, guidelines, or standards of care used in making the determination and availability of the criteria used to make the decision.
- Appeal information including timeframes for submitting an appeal for the decision, that you may choose anyone to represent you in the appeal process and expedited appeal information and timeframes.
- Circumstances under which you have the right to request that benefits continue pending resolution of the appeal and the circumstances under which you may be required to pay for these services.
- How you can request an external appeal (State Fair Hearing with the DOM) after exhausting all appeals at Magnolia.

Second Medical Opinion

You have the right to a second opinion about your treatment choice. This means talking to a different provider about an issue to see what they have to say. The second provider is able to give you their point of view. This may help you decide if certain services or methods are best for you. If you want a second opinion, tell your PCP.

Your PCP or Magnolia's Member Services can help you find a provider to give you a second opinion. You may choose any Magnolia network provider. If you are unable to find a provider in the Magnolia network, we will help you find a provider outside the network. If you need to see an out-of-network provider for the second opinion, it may need to be prior approved by Magnolia.

Any tests that are ordered for a second opinion should be given by a provider in the Magnolia network. Tests requested by the provider giving you a second opinion may need to be prior approved by Magnolia. Your PCP will look at the second opinion and help you decide on the best treatment plan. A second opinion is available at no cost to the member.

If you are out of state and have an urgent problem, go to an urgent care clinic.

How to Get Medical Care When You Are Out of State

If you are out of state and have an emergency, call 911 or go to the nearest ER. Be sure to call us and report your emergency within 48 hours. You do not need prior approval. Magnolia will cover only medically necessary emergency services out of state.

If you are out of state and have an urgent problem, go to an urgent care clinic, or you may go to a PCP. Be sure to show your Magnolia member ID card prior to receiving services.

The two (2) situations where you are covered for services out of state are as follows:

- You are out of state and you have a medical or behavioral health emergency. You can go to an ER in any state if you have a true medical or behavioral health emergency. If you are seen at an out-of-state hospital for an emergency, your follow-up care must be with a Magnolia network provider. You may also need to contact your PCP to get a referral if you need to see a specialist.
- It is determined that you need special care that you cannot receive in Mississippi. If Magnolia approves, the cost of the care you get in the other state will be covered. Members are not covered for any services outside of the United States.

Out-of-Network Care

Out-of-network emergency services do not need approval from Magnolia. All other covered services from an out-of-network provider may need prior authorization by Magnolia. We may first check to see if there is a network provider that can treat your medical condition. If there is not, we will help you find an out-of-network provider. You may be financially responsible for payment of the out-of-network service(s) if Magnolia did not approve the visit or service. If you have questions, call Member Services at 1-866-912- 6285. Magnolia will notify you if the referral is not approved. All care must be provided by a provider with a Mississippi Medicaid provider ID number.

If you are out of state and have an urgent problem, go to an urgent care clinic.

Referrals

You may need to see a certain provider for specific medical problems, conditions, injuries, and/or diseases. Talk to your PCP first. Your PCP will refer you to a specialist in the Magnolia network who can diagnose and/or treat your specific problem. A referral is not required in order to see a specialist, but having a referral from your PCP will help with coordination of care.

Some types of specialists will not be able to see you without approval from Magnolia and from your PCP. Exceptions are emergency services, family planning, women's preventive services, and maternity services. If you aren't sure whether or not a referral is needed, speak with your PCP or call Member Services at 1-866-912-6285.

Some conditions may need ongoing care from a specialist. Magnolia will allow your PCP to give a standing referral to a specialist in the Magnolia network when:

- The specialist in Magnolia's network agrees to a treatment plan for you.
- The specialist provides your PCP with updates on your condition and treatment plan.
- The specialist's services to be provided are part of the benefits covered by Magnolia.

NOTE: If your specialist refers you to another specialist, your specialist may need to obtain authorization by Magnolia and your PCP.

.....

Self-Referrals

You may self-refer for certain covered services. No approval is required from your PCP or Magnolia for these services.

You may receive benefit coverage for the following services whether or not the provider is in the Magnolia provider network.

- Emergency services
- Family planning services and supplies; You are free from coercion or mental pressures and free to choose the method of family planning to be used.
- Women's preventive health services
- Treatment of women's acute health conditions
- Maternity care

Sometimes you may not be sure if you need to go to the ER. Call Magnolia's 24-Hour Nurse Advice Line. Our nurses can help you decide where to go for care.

Walk-In and Urgent Care Clinics (Non-Emergency/After-Hours Care)

If you are having a medical problem that is not life-threatening, but you're not sure what to do, you should always call your PCP first. Even if the office is closed, listen to the message and follow the instructions for after-hours care. Magnolia requires all PCPs to have an after-hours phone line. If you cannot reach your PCP, you can call Magnolia's 24-Hour Nurse Advice Line at 1-866-912-6285 or Relay 711.

If you are having a medical problem that is not life-threatening and need to see a PCP right away, please consider using a walk-in clinic or urgent care clinic before going to the emergency room.

Walk-In Clinics:

- Provide high-quality care when you need quick medical attention for non life-threatening conditions such as:
- Sprains, strains, fractures and cuts
- Flu and cold symptoms
- Work-related illness or injuries
- Minor burns
- Stings or bites
- Ear ache, sore throat and fever

Urgent Care Clinics:

Urgent care clinics help patients get care without waiting in the emergency room. These clinics may use physician assistants and nurse practitioners to treat you. Physician assistants and nurse practitioners are trained and supervised in providing medical care. They perform many of the routine services physicians usually provide. They can take medical histories, perform physicals and exams, order medications, lab tests and X-rays. They also can teach patients how to stay healthy.

Visit www.MagnoliaHealthPlan.com to find a clinic near you or call Magnolia Member Services at 1-866-912-6285 or Relay 711.

Note: You must show your Magnolia Health Member ID Card each time you get medical care or go to the pharmacy. If you receive a bill for covered services or if you are told to file a claim, please contact Magnolia Member Services at 1-866-912-6285 or Relay 711.

Emergency Care

Magnolia covers emergency inpatient or outpatient medical services for an emergency medical condition which means the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in placing the health of the individual or with respect to a pregnant woman, the health of the woman or her unborn child, in serious jeopardy, serious impairment of bodily functions or serious dysfunction of any bodily organ or part.

When to go to the ER

- Broken bones
- Gun or knife wounds
- Bleeding that will not stop
- Miscarriage/pregnancy with vaginal bleeding
- Severe chest pain or heart attack
- Drug overdose
- Poisoning
- Bad burns
- Shock (you may sweat, feel thirsty or dizzy or have pale skin)
- Convulsions or seizures
- Trouble breathing
- Suddenly unable to see, move or speak
- Fainting/unconsciousness
- Wanting to harm yourself
- Wanting to harm other people

If you have a health condition that occurs often (a chronic condition), talk to your PCP about what a life-threatening medical emergency would be for you.

ERs are for emergencies. If you can, call your provider first. If your condition is severe, call 911 or go to the nearest hospital. You do not need a provider's approval. If you are not sure if it is an emergency, call your PCP. Your PCP will tell you what to do. If your PCP is not available, a provider taking calls can help. There may be a message telling you what to do. You can also call Magnolia's 24-Hour Nurse Advice Line at 1-866-912- 6285 or Relay 711 if you have questions.

It is okay if the hospital does not belong to the Magnolia network. You can use any hospital if it is an emergency. It is requested that you or someone acting on your behalf call your PCP within 48 hours of admission. This helps your PCP to provide or arrange for any follow-up care that you may need. We will help you get follow-up care. Call us at 1-866-912-6285 or Relay 711.

If your medical problem is not life-threatening, you will receive quality care in a faster time in your PCP office and/or walk-in clinic or urgent care clinic. Magnolia is here to help you improve your health and establish a medical home for continued improved health outcomes for you.

ER visits are unlimited.

Please refer to the “Benefits Grid” on page 19 of this manual.

You can use any hospital if it is an emergency.

Ambulance transportation to the hospital ER in non-emergency situations is not a covered service under Magnolia and you may have to pay for it.

Emergency Transportation Services

Magnolia covers emergency ambulance ground transportation to the nearest hospital for emergency care. Ambulance transportation to the hospital ER in non-emergency situations is not a covered service under Magnolia and you may have to pay for it. Ambulance transportation from a healthcare facility to another healthcare facility is covered only when it is medically necessary and it has been arranged and approved by a Magnolia network provider. All care must be provided by a provider with a Mississippi Medicaid provider ID number.

.....

Post-Stabilization Services

These are services that are needed to stabilize your condition after an emergency. They do not require prior authorization. It does not matter whether you receive the emergency care in or outside of the Magnolia network. We will still cover services to make sure you are stable after an emergency.

Ambulance transportation to the hospital ER in non-emergency situations is not a covered service under Magnolia, and you may have to pay for it.

.....

Hospital Services

Hospital services may be obtained through the Emergency Room, your PCP or Specialist. To find out if a hospital is in network or if you have any other questions about hospital services, please call Member Services at 1-866-912-6285 (Relay 711) or go to Find A Provider at www.MagnoliaHealthPlan.com.

Pharmacy Program

On July 1, 2024, Medicaid is moving to a single pharmacy claims processor for all prescription claims filled by all beneficiaries. Your pharmacist has been notified to submit your pharmacy claims to Gainwell Technologies.

Magnolia is committed to providing appropriate, high-quality and cost-effective drug therapy to all Magnolia members. Medicaid covers prescription medications and certain over-the-counter (OTC) drugs (see below). The pharmacy program does not cover all medications.

Medicaid will cover six (6) prescriptions per month. If you and your provider feel a brand name drug is medically necessary, your provider can ask for prior authorization.

Preferred Drug List

Medicaid uses a list of covered medications called the Preferred Drug List (PDL). The DOM reviews current, as well as, all new medications that can be added or changed from the PDL. For the most current PDL, you may call Member Services at 1-866-912-6285 or visit the Magnolia website at <https://www.magnoliahealthplan.com/members/medicaid/benefits-services/pharmacy.html>.

For additional medications that may be covered, visit the DOM’s website at <https://medicaid.ms.gov/preferred-drug-list/>.

Emergency Drug Supply

The 72-hour (3-day) emergency supply policy is: that a pharmacy dispense a 72-hour (3-day) supply of medication to any patient awaiting a prior authorization determination. The purpose of providing you this emergency drug supply is to avoid interruption of current therapy or delay in the initiation of therapy.

All participating pharmacies are authorized to provide a 72-hour (3-day) supply of medication and will be reimbursed for the ingredient cost and dispensing fee of the 72-hour (3-day) supply of medication, whether or not the prior authorization request is ultimately approved or denied.

Over-the-Counter Medications

The pharmacy program covers a variety of OTC medicines. All covered OTCs appear in the PDL or the Mississippi Medicaid Covered OTC Drug List. In order for an OTC medicine to be covered, it must be written on a valid prescription, by a licensed provider. If you purchase OTC medications without a prescription from a provider in the Medicaid provider network, you will have to pay for them.

.....

Vaccines

Medicaid covers routine vaccinations as recommended by the Centers for Disease Control and Prevention (CDC) as a pharmacy benefit for members ages 19 and up. Vaccines administered to members under age 19, must be administered by a provider enrolled in the Vaccines for Children (VFC) program. Vaccines billed as a pharmacy benefit do not count toward the monthly prescription limit.

.....

Tobacco Cessation Medications

Medicaid covers certain drugs to help you quit smoking. A prescription written by a licensed provider is required for these medications. These include:

- Nicotine replacement products
- Zyban or Wellbutrin
- Chantix

Excluded Drugs

Some drugs are not covered through Magnolia. These include, but are not limited to:

- Drug Efficacy Study Implementation (DESI) drugs
- Fertility agents
- Topical Minoxidil
- Vaniqua®
- Drugs used to treat erectile or sexual dysfunction

Quantity Limits

Some medications on the PDL have quantity limits to make sure the drugs you take are safe. If your provider feels you have a medical reason for getting a larger amount, they can ask Gainwell for prior authorization. If Gainwell does not grant prior authorization, they will notify you and your provider and provide information regarding Gainwell's appeal process.

Step Therapy

Some medications listed on the PDL may require specific medicines to be used before you can receive the step therapy medicines. If Gainwell or the DOM has a record that the required medicines were tried first, then the step therapy medicines are covered. If Gainwell or the DOM does not have a record that the required medicines were tried, your provider may be required to provide additional information.

If Gainwell does not grant prior authorization, they will notify you and your provider and provide information regarding Gainwell's appeal process.

Age Limits

Some medications may have age limits. These are set for certain drugs, based on the U.S. Food and Drug Administration (FDA) approved labeling and for safety concerns and quality standards of care.

.....

Filling a Prescription

You can have your prescriptions filled at a network pharmacy.

You may call Gainwell Member Services to help you find a pharmacy. At the pharmacy, you will need to provide the pharmacist with your prescription and your Magnolia member ID card. Please contact Gainwell Member Services at 1-800-884-3222 if you have questions about filling your prescriptions.

Specialty Pharmacy Medications and Specialty Pharmacy Providers

Certain medications are only covered when supplied by specialty pharmacy providers. You and your provider/prescriber may choose a specialty pharmacy of your choice. Specialty pharmacy medications may require a prior authorization. This means that Gainwell requires additional information from your provider the first time he or she prescribes these medications for you. The information should be submitted by your provider to Gainwell on the Prior Authorization Form. This form should be faxed to Gainwell at 1-866-644-6147. This document is located on the Magnolia website at www.MagnoliaHealthPlan.com. You can also call Gainwell Prior Authorization Department at 1-833-660-2402.

When You Are Pregnant

Keep these points in mind if you are pregnant now or want to become pregnant:

- Go see your provider as soon as you think you are pregnant. It is important for your health and your baby's health to see a provider as early as possible. Seeing your provider early will help your baby get off to a good start. It's even better to see your provider before you get pregnant to get your body ready for pregnancy.
- Take the Notification of Pregnancy Form in your welcome packet to your first visit with your provider. Ask the provider to fill it out and send back to us.
- Make an appointment with your dentist for a cleaning and checkup.
- Set a goal to live a healthier lifestyle. Healthy lifestyle habits include exercising; eating balanced, healthy meals; and resting for 8-10 hours at night.

Pregnancy & Maternity Services

There are things you can do to have a safe and healthy pregnancy. See your provider about any medical problems you have, such as diabetes and high blood pressure. Do not use tobacco, alcohol, or non-prescribed drugs either now or while you are pregnant. Magnolia recommends that you see your provider before becoming pregnant if you have experienced any of the following problems:

- You have had three (3) or more miscarriages
- You have given birth to a premature baby (this means the baby came before 37 weeks of pregnancy) or a "preemie"
- You gave birth to a stillborn baby

A note about folic acid: Folic acid is a very important nutrient that can help you have a healthier baby. You should take folic acid before you become pregnant or as soon as you find out you are pregnant. Some foods that have folic acid in them include: orange juice, green vegetables, beans, peas, fortified breakfast cereals, enriched rice and whole wheat bread. It is difficult to get enough folic acid from food alone. Ask your provider about taking prenatal vitamins and see your provider as soon as you think you are pregnant. If you have questions about folic acid or your pregnancy, call Member Services at 1-866-912-6285.

If you are pregnant and smoke cigarettes, Magnolia can help you stop smoking. We have a special Smoking Cessation Program for pregnant women that is available at no cost to you. The program has trained healthcare clinicians who are ready to build one-on-one contacts with you. They will provide education, counseling, and the support you need to help you quit smoking. Working as a team over the telephone, you and your health coach can develop a plan to make changes in your behavior and lifestyle. These coaches will encourage and motivate you to stop smoking.

We have many ways to help you have a healthy pregnancy. Before we can help, we need to know you are pregnant. We can help you contact the DOM to find out if you qualify for maternity coverage. Please call Member Services at 1-866-912-6285 as soon as you learn you are pregnant. We will help you set up the special care that you and your baby need.

High Risk Pregnancy Program: Start Smart for Your Baby®

Internal Appeal Process

Filing an Appeal

An appeal is a request for Magnolia to review an Adverse Benefit Determination. You can request this review by phone or in writing.

An Adverse Benefit Determination occurs when Magnolia:

- Denies or limits authorization of a service you want
- Decreases, suspends, or ends care that you are already getting
- Denies all or part of payment for covered care and you may have to pay for it
- Fails to provide services in a timely manner as defined by the state
- Denies the right to request services outside the network (for residents in rural areas)
- Denies a member's request to dispute a financial liability, including cost sharing, copayment, premiums, deductibles, coinsurance, and other enrollee financial liabilities

You will know that Magnolia is taking an action because we will send you a letter. The letter is called an Adverse Benefit Determination Notice. If you do not agree with the action, you may request an appeal. You can request an appeal by phone or in writing.

.....

Who May File an Appeal?

- You, the member (or the parent or guardian of a minor member)
- Any person named by you (Authorized Representative)
- A provider acting for you (Authorized Representative)

You must give written permission if someone else (Authorized Representative) files an appeal for you. Magnolia will include a form (Authorized Representative Form) in the Adverse Benefit Determination Notice. Contact Member Services at 1-866-912-6285 if you need help. We can assist you in filing an appeal. Pharmacy appeals related to prior authorizations decisioned on or after July 1, 2024, will be reviewed by GWT. The GWT pharmacy call center number is 833-660-2402.

When Does an Appeal Have to Be Filed?

The Adverse Benefit Determination Notice will tell you about this process. You may file an appeal within sixty (60) calendar days of the date on the Adverse Benefit Determination Notice. Within ten (10) calendar days, Magnolia will send you a letter, letting you know your appeal was received and give you an expected date that the appeal will be resolved.

You may present evidence and examine the case file and other documents related to the appeal in person, as well as in writing. You may examine your case file, including medical records and any other documents and records used during the appeals process. Copies will be given to you at no cost at your request.

Continuation of Benefits

If all of the following are met, you may ask to keep getting care (benefits) related to your appeal while we decide:

1. You file an appeal of an Adverse Benefit Determination on or before ten (10) days from the date on the Adverse Benefit Determination letter or the date of the adverse action based on whichever date is later.
2. The appeal involves the termination, suspension or reduction of a previously authorized course of treatment.
3. The services were ordered by an authorized service provider.
4. The time period covered by the original authorization has not expired.
5. You request extension of the benefits.

If, at your request, Magnolia continues or reinstates your benefits while the appeal or State Fair Hearing is pending, the benefits must be continued until one of the following occurs:

- You withdraw the appeal or request for State Fair Hearing.
- You fail to request a State Fair Hearing and continuation of benefits within 10 calendar days after Magnolia sends the notice of an adverse resolution to the enrollee's appeal under §438.408 (d)(2).
- A State Fair Hearing office issues a hearing decision adverse to the enrollee.

Expedited appeals do not require a signed authorization form.

Magnolia will make reasonable efforts to provide and document verbal notice of an expedited appeal resolution.

If you ask for a service that is not covered by Magnolia Health, your provider will ask you to sign a statement saying you will pay for the service yourself.

If the final decision is to uphold Magnolia's Adverse Benefit Determination, Magnolia may recover the cost of services furnished to you while the appeal and State Fair Hearing was pending. In other words, you may have to pay for this care if the decision is not in your favor.

You may request to extend the time for more than sixty (60) calendar days to file an appeal. This request must be given in writing and tell why the request was not filed within the 60 days.

Magnolia will give you a written decision within thirty (30) calendar days from the date of your request. The decision will be made by a reviewer with the appropriate expertise. If more than thirty (30) days is needed to make a decision, we will send a letter to you. Magnolia may extend the thirty (30) calendar day timeframe by fourteen (14) calendar days if you request the extension, or Magnolia decides that more information is needed, and will give you written notice of the extension within two (2) calendar days of the decision to extend the timeframe. If you disagree with Magnolia's decision for an extension, you have the right to file a grievance regarding the dissatisfaction.

.....

Expedited Appeals

You or your provider may want us to make a fast decision. You can ask for an expedited review if you or your provider feel that your health is at risk. If you feel this is needed, call our Clinical Appeals Coordinator. If an expedited appeal is made by phone, follow-up with a written, signed appeal is not required.

We will decide within 72 hours of receipt of the expedited appeal request.

However, Magnolia may extend up to fourteen (14) calendar days if you request an extension, or if Magnolia determines that the extension is in your best interest. You will also receive a letter telling the reason for the decision and what to do if you don't like the decision. If you disagree with Magnolia's decision for an extension, you have the right to file a grievance regarding the dissatisfaction.

Expedited appeals do not require a signed authorization form.

Magnolia will make reasonable efforts to provide and document verbal notice of an expedited appeal resolution.

Advance Directives

All Magnolia adult members have a right to make advance directives for healthcare decisions. This includes planning treatment before you need it.

Advance directives are forms you can complete to protect your rights for medical care. You can complete the Mississippi Advance Health Care Directive Form. This form can be found on the Mississippi State Department of Health's (MSDH) website, www.msdh.state.ms.us. You can also call Member Services at 1-866-912-6285 for help in finding the form. Once completed, ask your PCP to put the form in your file. You can also talk to your PCP about advance directives.

Together, you and your PCP can make decisions that will set your mind at ease. It can help your PCP and other providers understand your wishes about your health. You also have a right to make decisions regarding organ donation. You should discuss this with your PCP. Advance directives will not take away your right to make your own decisions and will work only when you are unable to speak for yourself.

Examples of advance directives include:

- Living Will
- "Do Not Resuscitate" Orders
- Healthcare Power of Attorney

You should not be discriminated against for not having an advance directive. Complaints concerning noncompliance with the advance directive requirement may be filed with the State Survey and Certification Division of the State Department of Health by calling 1-800-227-7308.

Your request must be in writing, and it must explain why the information should be amended.
