## CentAccount<sup>®</sup>

Rewards are added to your child's CentAccount<sup>®</sup> card when your child does certain things like well-child visits. These rewards can be used to pay for things like:

- Baby care
- Diabetes care
- Eye care
- Groceries
- Over-the-counter medicine
- Personal care items
- Wellness items

## NurseWise<sup>®</sup>

The following services are available by calling NurseWise<sup>®</sup>

- Medical advice
- Health information library
- Answers to questions about your child's health
- Advice about a sick child
- Help with scheduling doctor visits

## Care Management

A case manager will work with you to make sure your child gets the care they need and to help your child follow through with any treatment. Sickle cell, multiple sclerosis, HIV/AIDS, kidney disease and organ transplant are just a few conditions we can help manage.

## Disease Management

We want to improve the quality of your child's care and long-term health. We will help your child manage the following conditions:

- Asthma
- Diabetes
- High blood pressure
- Heart problems
- Weight management

## MemberConnections<sup>®</sup>

You can call us or we can visit your child at home. We can give you information about:

- Choosing or changing doctors/providers
- Your health benefits
- Access to services
- Counseling

Eligible members with complex care needs who do not have safe, reliable access to a telephone may be provided a temporary cell phone through our Connections Plus<sup>®</sup> program. This program allows our members to have 24-hour access to providers, case managers, and 911. When you qualify, a MemberConnections Representative comes to your home to teach you how to use the phone.

## Start Smart for Your Baby<sup>®</sup>

A program that provides education, care management and personalized guidance for young pregnant members.
