

# PATIENT CENTER MEDICAL HOME PROGRAM

Beginning 7/1/2025, Magnolia Health has implemented a PCMH Program managed by an NCQA PCMH Certified Content Expert to support all PCMH programs for Magnolia Health.

## A Patient Centered Medical Home:

Delivers whole person care coordinated and tracked by one primary care provider

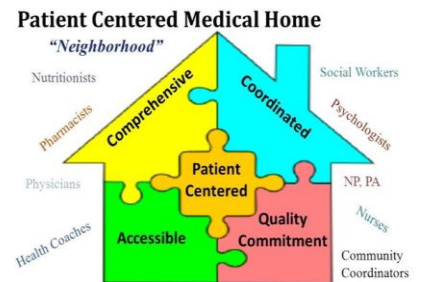

Is a team-based health care delivery model

Is achieved through NCQA recognition

## The PCMH Transforms Primary Care

- Coordinating care across all community and medical services
- Improving the patient experience
- Establishing relationships with patients' and families
- Providing comprehensive care through a coordinated team
- Focusing on patients' mental and physical health

## What are the benefits of a PCMH partnership with Magnolia?

- ❖ 20% NCQA Partner in Quality discount for all non HRSA providers
- ❖ HRSA providers may achieve NCQA recognition at no cost
- ❖ Annual incentives for PCMH recognized providers who partner with Magnolia
- ❖ Special PCMH designation in the Provider Directory
- ❖ Preferential assignment in the auto assignment process, if desired
- ❖ Assistance with data interpretation
- ❖ NCQA PCMH CCE consultant services at no charge to the provider
  - Provide education on the process of PCMH recognition
  - Provide resource tools and best practices
  - Provide education on additional incentives for PCMH recognized programs
