PLEASE REFERENCE MAGNOLIAHEALTHPLAN.COM FOR A COMPLETE LISTING AND DETAILS

HOW TO IMPROVE HEDIS SCORES

Submit claim/encounter data for each and every service rendered

Chart documentation must reflect services billed

All providers must bill (or report by encounter submission) for services delivered, regardless of contract status

Claim/encounter data is the most clean and efficient way to report HEDIS

If services are not billed or not billed accurately, they are not included in the calculation

Accurate and timely submission of claim/encounter data will positively reduce the number of medical record reviews required for HEDIS rate calculation

Please contact your Provider Relations Representative for additional details
